- String Q: What is a string?

0 1 2 3 4  
.. ↑↑↑↑↑  
hello "

↳ a seq of char

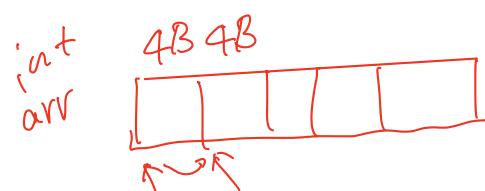

hello

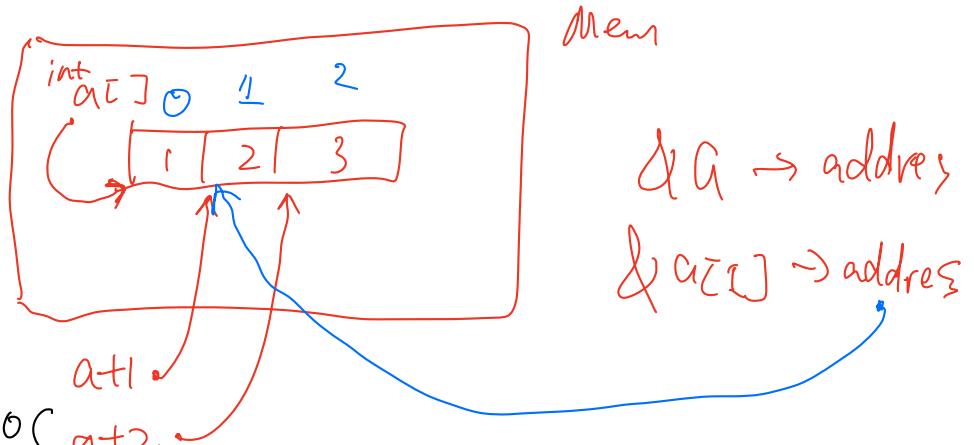

- \* C array:  
↳ a seq of units.

↳ a seq of units, in a contiguous piece of Mem

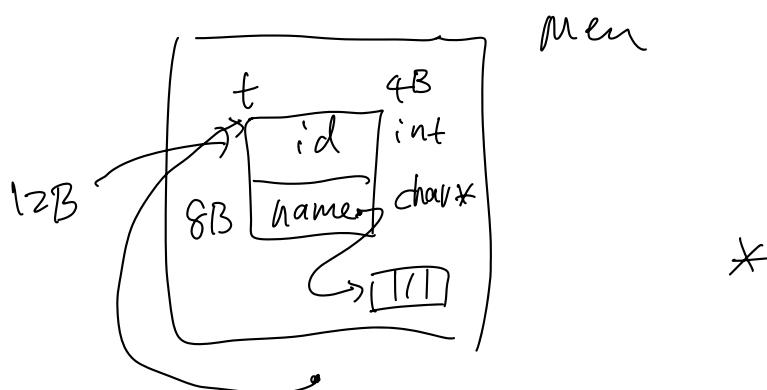

char str[ ] = "abc";  
char \*str = "abc";

- Struct & malloc

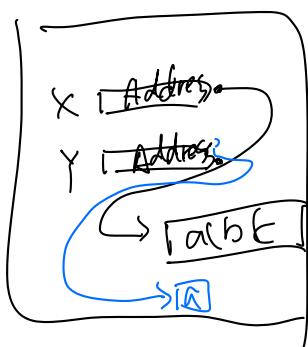

↳ a collection of different type.

$\&t = \text{ADDRESS}$

$\underbrace{\text{int } *}_{\text{ptr}} a;$

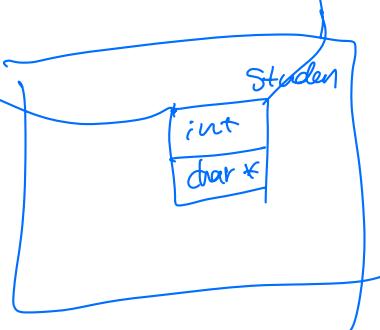

$\underbrace{\text{int } **}_{\text{ptrptr}} \text{ptrptr};$

$\underbrace{\text{int } **}_{\text{ptrptr}} \underbrace{\text{ptrptr}}_{\text{ptr}} * \underbrace{\text{int } *}_{\text{ptr}} a;$

- malloc.

$\text{void } * \text{malloc} (\text{size\_t } \text{size});$

void free(Void \*p);
